## INSTALLATION: Wires Installation

## INSTALLATION: Hide Installation

**WARNING**

1. Only for indoor lighting, no outdoor lighting or using under the condition of vibration, dust or high humidity. Or it will easily cause fire, electric shock or breakdown.
2. Power must be off before installation, cleaning, mending or replacement in case of electric shock or breakdown.
3. Please do not refit, add or change the accessories privately in case of shortening the lifespan or causing safety problems.
4. Distance between the lights and objects by illumination should be no less than 700mm.
5. Under no circumstances can the lights be covered by cloth or other similar objects in case of fire or breakdown.
6. Once lights do not work properly, please turn off the power wire and get in contact with our agent or ask a professional electrician to do the repairing in case of fire, falling or injury.
