Enjoy Stable and Free Movement

# COMPANY PROFILE

Zhejiang Relaxsmith Elderly Care Technology Co., Ltd. is specializing in the design, development, and producing of aging products and elderly care household products as well as trip and travelling. Our main products are wheeled walker, rollator walker, foldable rollator walker with seat, more than one hundred models in different styles, sizes, colors to be exported to over 30 countries of USA, Europe, Japan and Korea.

# COMPANY PROFILE

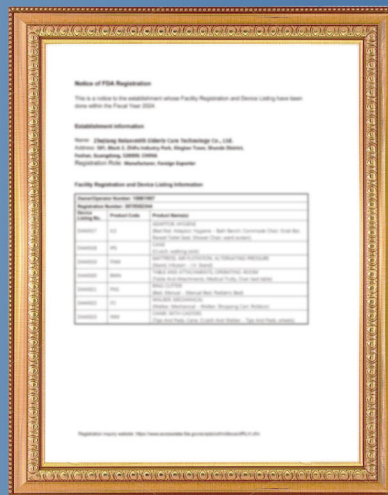

Our advanced factory has the certifications of ISO9001, ISO13485, ISO14001, and ISO45001 with production area 9,000sqm and 180 workers, 20 technicians and engineers. All our products have passed relevant European and American quality and safety tests conducted by SGS, BV, and TUV, etc., and comply with CE and FDA standards. Our strong R&D team provides efficient and high-quality guarantees for customers' OEM and ODM product development projects.

We focus on the practicality and safety of our products, and we pay even more attention to the intelligent and technological aspects of elderly care products. We will use advanced AI technology to provide our cooperative business partners with the patented and latest elderly care products, and offer higher-quality elderly care products to our end customers, and elderly friends

# CERTIFICATION

## Model: RS-SR1001

Color:  

Material: Steel  
Net Weight: 8.3kg /18.3LBS  
Weight Capacity: 100kg /220LBS  
Overall Length: 57cm /22.4 inches  
Overall Width: 57cm /22.4 inches  
Overall Height: 76-97cm /30-38.2 inches  
Seat Height: 49-56cm /19.3-22 inches  
Wheels: 6 inches  
Wheels Material: PVC  
Packing Dimension:  
82\*60\*20cm /inches 32.3\*23.6\*7.9

### Highlights:

- \*Extra thicker steel frame with painting, anti-aging, anti-rusting
- \*padded seat and comes with a larger carry pouch under seat
- \*Handle height adjustable, seat height adjustable

### Features:

- \*Foldable design for easy storage
- \*Wheels are ideal for indoor and outdoor use
- \*Easy use deluxe loop brakes with two functions of safety and convenience Basket available for additional storage, also sold separately

## Model: RS-AR2001

Color: 

Material: Aluminum

Net Weight: 8.1kg /17.8LBS

Weight Capacity: 100kg /220LBS

Overall Length: 75cm /29.5 inches

Overall Width: 58.5cm /23 inches

Overall Height: 81-100cm /31.9-39.4 inches

Seat Height: 49-56cm /19.3-22 inches

Wheels: 8 inches

Wheels Material: PVC

Packing Dimension:

63\*24\*82cm /inches 24.8\*9.4\*32.3

### Highlights:

\*Light weight, aluminum strong frame with painting, anti-aging

\*padded seat and comes with a larger carry pouch under seat

\*Handle height adjustable, seat height adjustable

### Features:

\*Foldable design for easy storage

\*Wheels are ideal for indoor and outdoor use

\*Easy use deluxe loop brakes with two functions of safety and convenience Basket available for additional storage, also sold separately

**Model: RS-AR2002**

**Color:**  

Material: Aluminum

Net Weight: 8.6kg /18.9LBS

Weight Capacity: 100kg /220LBS

Overall Length: 65cm /25.6 inches

Overall Width: 63.5cm /25 inches

Overall Height: 76-87cm /30-34.2 inches

Seat Height: 51.5cm / 20.3 inches

Wheels: 6 inches

Wheels Material: PP+NR(frame) PVC(cover)

## ▸ 01 Steel Rollators ▸ Selling Points

### CE Certified for European Safety Standards

Fully compliant with EU medical device regulations (CE certified), ensuring high safety and quality for personal or institutional use.

### Strong Carbon Steel Frame for Durability

Built with heavy-duty carbon steel, offering excellent stability and long service life—ideal for frequent use in homes, rehab centers, or care facilities.

### Budget-Friendly with High Practical Value

A great option for cost-conscious buyers, providing essential functionality at an affordable price—perfect for families and eldercare providers.

### Minimalist Design for Easy Operation

Simplified frame design allows seniors to operate it with ease, making it particularly suitable for aging populations across Europe.

### Integrated Seat for On-the-Go Resting

Equipped with a padded seat so users can take breaks whenever needed—ideal for parks, clinics, markets, or long walks.

### Under-Seat Storage Bag for Daily Essentials

Includes a convenient storage pouch for carrying personal items like medicine, groceries, or keys—perfect for walking to local markets.

### Adjustable Handle Height for Personalized Fit

Multi-level adjustable handles accommodate various user heights, ideal for the wide height range of men and women across Europe.

### Smooth 4-Wheel Design for Cobblestones and Paths

Stable wheels designed to roll smoothly on typical European surfaces like cobblestones, brick paths, and uneven pavements.

### Foldable and Compact for Urban Living

Quickly folds for easy storage in small apartments or transport in car trunks—great for older buildings without elevators.

### Classic and Unobtrusive Appearance

The deep blue and black color scheme offers a clean, modern look without appearing medical—ideal for users who prefer discreet, everyday mobility support.

## ▀ 02 Aluminum Rollators ▀ Selling Points

### Certified to EU Safety Standards (CE Certified)

Fully compliant with CE regulations and European medical device standards, ensuring safety, quality, and suitability for both home and care facility use.

### Lightweight & Compact for Urban Living

Constructed from durable yet lightweight aluminum, making it ideal for navigating narrow European streets, elevators, and public transportation with ease.

### One-Click Folding – Space Saving Design

Quick-fold mechanism allows for easy storage in small apartments, closets, or car trunks—perfect for space-conscious European households.

### Ergonomic & Adjustable Handles

Multi-level adjustable handle height to suit users of different statures, with soft ergonomic grips for comfortable long-term use.

### Stable All-Terrain Wheels

Equipped with wide, anti-slip wheels that perform smoothly on cobblestone, brick, asphalt, and other common European road surfaces, ensuring a steady ride.

### Built-in Seat & Padded Backrest for Resting Anytime

Integrated soft seat and backrest allow users to sit and rest during outings, queues, or walks—enhancing comfort and convenience.

### Large Waterproof Shopping Bag

Comes with a detachable, waterproof storage bag—perfect for carrying groceries and personal items, matching the eco-conscious, walk-friendly European lifestyle.

### Dual Brake & Parking Lock System

Features reliable hand brakes and a parking lock for safe stops and secure sitting, especially useful on slopes or inside buses and trams.

### Modern & Stylish Appearance

Designed with sleek black and vibrant blue accents, the rollator breaks away from the "clinical" look of traditional mobility aids—appealing to modern users.

### Versatile for Multiple Environments

Ideal for everyday use—whether walking in the park, shopping at the market, strolling in town, or moving around at home or in nursing homes.

## ▀ 03 Carbon Fiber Rollators ▀ Selling Points

### Ultra-Light Carbon Fiber Frame

Made from premium carbon fiber, the rollator weighs only 5-6kg, making it extremely easy to lift, carry, and maneuver—ideal for elderly users.

### High Weight Capacity

Despite its lightweight design, the rollator supports up to 136kg (300 lbs), offering superior strength and stability.

### One-Touch Folding Mechanism

Folds flat effortlessly with a single motion—perfect for travel, storage, and tight spaces.

### CE-Certified for Europe

Fully compliant with EU medical device regulations, CE certified, ready for legal sale across Europe.

### Ergonomic, Non-Slip Handles

Designed for comfort and control with soft grips and built-in braking system for added safety.

### Dual Braking System

Features responsive hand brakes and reliable parking brakes for secure stopping and resting.

### Large Shock-Absorbing Wheels

Equipped with 8-inch silent PU wheels for smooth rolling over indoor floors or outdoor paths.

### Removable Storage Bag

Comes with a stylish, detachable shopping/storage bag—practical for everyday errands and personal items.

### Adjustable Handle Height

Multi-level handle height adjustment accommodates users of different heights for customized comfort.

### Sleek, Modern Design

Minimalist matte black finish with a refined look—far from the traditional medical walker appearance, helping users feel confident and dignified.

## ▀ 04 Upright Rollators ▀ Selling Points

### CE Certified for EU Medical Standards

Fully compliant with the EU MDR regulations and CE-certified for legal and safe distribution across Europe.

### Designed for Lower Leg Injury Recovery

Ideal alternative to crutches for users recovering from fractures, surgeries, or sprains—enhancing mobility and comfort during rehabilitation.

### Height Adjustable for Custom Fit

Both handlebar and knee platform heights can be adjusted to suit users of various heights, improving ergonomic comfort.

### Foldable Frame for Easy Storage & Transport

Quick-fold mechanism allows the scooter to be stored in tight spaces or transported easily—perfect for both warehouses and home use.

### Upgraded 8-Inch TPR Anti-Slip Wheels

Smooth-rolling, quiet, and slip-resistant wheels suitable for European flooring such as carpet, tiles, hardwood, and pavement.

### Dual Hand Brake System

Equipped with responsive hand brakes and parking lock—ensuring full control and stability on slopes or indoor spaces.

### Comfortable Ergonomic Knee Pad

Made from high-density foam, the contoured knee pad minimizes pressure on the leg, even during prolonged use.

### Detachable Storage Bag Included

Comes with a large-capacity shopping bag—perfect for carrying essentials, groceries, or personal items during use.

### Sturdy Footrest Platform

Integrated foot platform for added balance and safety while riding or resting—an extra support feature not found on all models.

### OEM/ODM Support & Europe-Ready Packaging

Custom branding, local language packaging, and flexible supply models available—ideal for retailers in Germany, France, the Netherlands, Italy, and more.

## ▀ 05 Three Wheeled Walkers ▀ Selling Points

### CE Certified for European Market

Fully compliant with EU MDR regulations and CE-certified for legal sale across major European countries like Germany, France, Italy, and the Netherlands.

### Lightweight & Maneuverable 3-Wheel Design

Compared to 4-wheel rollators, the 3-wheel design offers better agility in tight spaces—ideal for indoor use and small European apartments.

### Foldable Frame for Compact Storage

One-step folding design allows easy transport and storage—perfect for car trunks, public transportation, and home environments.

### Ergonomic, Height-Adjustable Handles

Soft, non-slip rubber handles with adjustable height settings to accommodate users of different statures, ensuring comfort and control.

### Dual Brake System with Parking Lock

Equipped with responsive loop hand brakes and a parking brake for added stability and safety on slopes or uneven terrain.

### Large Quiet Wheels for Multi-Surface Use

Features 7"–8" high-resilience PU wheels that glide smoothly over tiles, hardwood, pavement, and cobblestones—perfect for indoor and outdoor mobility.

### Sturdy Front Wire Basket with Lid

Durable metal shopping basket allows users to carry groceries or personal items during daily outings—boosts practicality and independence.

### Additional Waterproof Storage Pouch

Comes with a zippered side bag for secure storage of keys, wallets, medications, or documents—ideal for senior users living alone.

### Strong Yet Lightweight Aluminum Frame

Built with aircraft-grade aluminum alloy—easy to lift, transport, and store without compromising on stability or weight-bearing capacity.

### OEM/ODM Support with Multilingual Packaging

Private labeling, custom branding, and packaging available in English, German, French, etc., to meet diverse European retail and pharmacy requirements.

## 06 Knee Scooter Walkers Selling Points

### CE Certified and MDR Compliant

Fully certified under EU MDR regulations for medical devices—ready for legal sale across European markets like Germany, France, Italy, and Spain.

### Ergonomic Upright Design for Better Posture

Forearm support promotes an upright walking position, relieving pressure on the wrists, shoulders, and back—ideal for users with reduced upper body strength or spinal issues.

### Multi-Level Adjustable Armrests

The armrests and handles are height-adjustable to fit users from 160 cm to 190 cm, providing personalized comfort and better control.

### Comfortable PU Arm Pads with Secure Straps

Soft, high-quality PU arm supports contour to the forearms and include safety straps to prevent slipping—enhancing user stability.

### Quick-Fold Frame for Easy Storage and Travel

One-touch folding mechanism makes it easy to transport or store, perfect for European households and car travel.

### Dual Braking System with Parking Lock

Equipped with responsive loop hand brakes and a reliable parking brake for safety on slopes and at rest.

### 8-Inch Anti-Slip Silent Wheels

Durable PU wheels roll smoothly and quietly across a variety of European surfaces—tile, wood, concrete, cobblestone, and more.

### Built-In Seat and Backrest for Rest Stops

Features a padded seat and soft backrest so users can take a break whenever needed—perfect for longer outings.

### Large Detachable Shopping Bag

Includes a stylish and removable storage bag for groceries or personal items—OEM logo printing available.

### OEM/ODM Services with Multilingual Packaging

Custom branding and packaging available in English, German, French, and other European languages—suitable for pharmacies, medical retailers, and online platforms.
