电气元件Electricparts

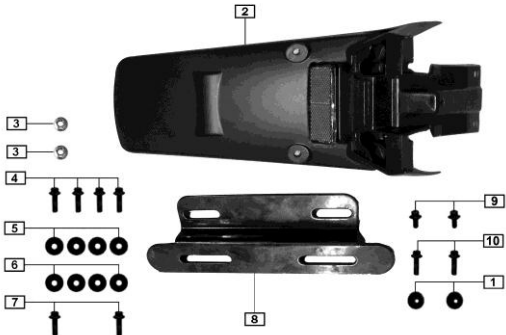

RevisionNumberPage:10

NO. PART CODE ENGLISH DESCRIPTION ENGLISH DESCRIPTION

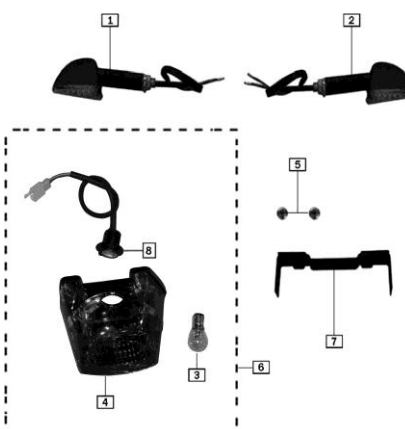

A detailed technical diagram of a vehicle's electrical system components and their wiring. The components are numbered 1 through 15, corresponding to the parts list. 1. A 10A fuse (85171-0000-0000) is shown at the top left. 2. A battery (83200-C000-C200) is at the top right. 3. Electrolyte (83230-0000-1200) is indicated near the battery. 4. The main cable (85100-I853-C260) is a thick black cable running across the top. 5. A starting relay (82290-I126-0500) is in the center. 6. A flasher (85600-G124-C200) is to the right of the relay. 7. A voltage regulator/rectifier (83100-H206-0000) is below the relay. 8. An M6x12 bolt (B166740106001270L) is shown. 9. An ignitor (81200-I126-0000) is to the right of the bolt. 10. A horn (85500-I219-010065) is below the ignitor. 11. An ignition coil (81100-I126-C300) is to the right of the horn. 12. An M6x16 bolt (B166740106001670L) is shown. 13. A zero line (85111-0000-0200) is a long cable running along the bottom. 14. An M6 nut (B061770106000060L) is shown. 15. An elastic pad 8 (B0009300080000K0L) is shown at the bottom right. The diagram includes various electrical symbols for ground, battery, and connectors, and shows the complex wiring connecting these components.
