

## **JAB-005-001 Series**

- Rated current: 125A/250A/400A/630A
- Nominal voltage :1000V
- Plastic housing
- 3 pole/4 pole
- Busbar terminal

## JAB 360° multi contact technology

JAB has different advanced 360° multi contact technology ,most JAB connectors and contacts are based on JAB 360° multi contact technology.

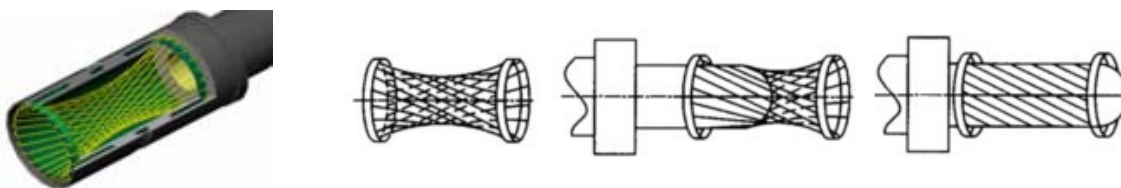

### 1) New sok technology

### 2) Spiral spring technology

### 3) Hypertac technology

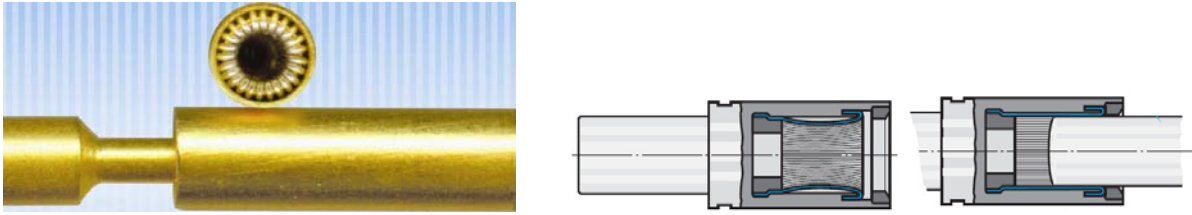

### 4) Crown lamella technology

## JAB 360° multi contact technology

### 5) Wire spring technology

### 6) Twisted strip technology

### Feathure and benefits of JAB 360° multi contact technology

- 1) Very high contact reliability
- 2) Low contact resistance
- 3) High current load
- 4) Low temprature rise
- 5) Excellent performance under vibration
- 6) Low insertion and withdrawal force
- 7) High number of mating cycle
- 8) Long service life

## JAB-005-001 Series

### Product introduction

Plastic housing

Multi pole

JAB 360° contact technology

Operation voltage: 1000V

Current rating: 160A, 250A, 400A, 630A

Temperature range: -40℃~125℃

Cable range: inquiry
