Attention: Kyung-Hee Kwon
Reference: File E124949, Project 00CA04822
Subject: Adjustable Speed Drives - "iG5" Series

Dear Mr. Kwon:

We have completed our engineering investigation under the referenced project, and find the product complies with the applicable requirements.

This letter temporarily supplements the UL Follow-Up Service Inspection Procedure, and it serves as authorization to apply the UL Listing Mark and the UL Listing Mark for Canada to the subject product which is described below:

Identical to Models SV008iG5, SV015iG5, SV022iG5 and SV037iG5 followed by -2 or -4 and may be followed by F, which were submitted to UL for this investigation. The UL records covering the product will be in the Follow-Up Service Inspection Procedure, File E124949, Vol. 1, Section 8.

This authorization is effective for 90 days only from the date of this Notice. Records covering the product are now being prepared and will be sent to you in the near future.

Products produced which bear the UL Mark shall be identical to those which were evaluated by UL and found to comply with the applicable requirements. If changes in construction are discovered, authorization to use the UL Mark may be withdrawn and products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with the applicable requirements.
