Event Name : Face up to supply chain uncertainty

Venue: online ; Event No. 20280 ; Date & Time: Sep.29, 2020; 21:00-22:30

Event Hours: 1.5 h ; Professional Development Points: 1.5

Event Introduction :

Since 2020, black Swan events, led by the COVID-19 epidemic, have occurred frequently, and the global supply chain has entered an era of turbulence. In the face of a series of supply chain uncertainties, such as demand fluctuations, insufficient production capacity and tight logistics resources, how should we respond?

In this process, supply chain people face up to the uncertainty of supply chain, so as to win the supply battle. 1.How to set up production flow chart?

- 1.What happened to us in 2020
- 2.Are we ready for the VUCA era
- 3.Supply chain uncertainty in the past life
- 4.Be prepared and ensure supply
