Event Description:

The poster hyperlink: https://mp.weixin.qq.com/s/RkNvMjOWwq_QoOLmqjG_bg

Event Name: The methods for supply chain improvement in manufacturing enterprises

Venue: online ; Event No. 25494 ; Date & Time: March 6th, 2025; 20:00-21:30

Event Hours: 1.5h ; Professional Development Points: 1.5

Event Content

- Supply Chain Improvement Objectives
- Implementation of Supply Chain Strategy Processes
- Integration of Corporate Strategy and Supply Chain Strategy
- Product Lead Time and Inventory Point Settings for Different Delivery Models
- Understanding Business Requirements and Product Classification
- Critical Path Map for Project Delivery
- Technical Preparation Cycle and Production Cycle
- Procurement Cycle and Material Completeness Check
- Forecasting Models and Master Planning
- Efficiency Management of Key Resources
- Supplier Management and Performance Optimization
- Case Study Sharing

Instructor Introduction

Xiaoguang Yu

- Possessing over 20 years of experience in lean manufacturing and consulting
- Having worked for Fortune Global 500 companies such as Shanghai General Motors, US-based Freescale Semiconductor, and Danish Novozymes Biotechnology
- Engaged in planning, logistics, Industrial Engineering (IE), and lean management
- Developed the "Planning and Logistics Strategic Consulting Methodology" centered on lean production, supply chain management, and Six Sigma methodology
- Authored two monographs in the field of supply chain
- Provided supply chain and lean management consulting services to over 70 domestic and international companies
