### Q&A

## Instructor Introduction

### Jingwen Zheng

- Deputy Director of the International Shipping Institute at the Shanghai International Shipping Institute. Ms. Zheng specializes in international container shipping market research and strategic planning related to ports and shipping.
- During her tenure, she has regularly published a series of reports on the container shipping market, continuously tracked industry trends and hot topics, and authored special reports that have received approvals from the Ministry of Transport and Shanghai municipal leaders.

### Meng Zhang

- Manager of both the Shipping Route Product Department and the Risk Control Department at Shanghai Shipping Freight Exchange Co., Ltd. Mr. Zhang is primarily engaged in the development of shipping container, international dry bulk, and coastal shipping products, as well as hedging consulting services and risk control.
