Event Name: Go Beyond Inventory and Rebuild the Supply Chain Architecture

Venue: online ; Event No. 23404 ; Date & Time: Mar. 16, 2023; 20:00-21:30

Event Hours: 1.5h ; Professional Development Points: 1.5

Event Introduction

Mr. Zhang will discuss with a number of supply chain department heads to return to the most basic logic of supply chain management, and introduce a set of unique ideas and high-level methodology, so that you can upgrade your cognition to re-establish the overall framework and systematically solve the many chaos around the supply chain and operations, to be a "through"

supply chain person. The webinar will enable you to upgrade your cognition and rebuild the overall framework.

[Instructor Introduction](#)

Philip Zhang

Founder of Marseille Supply Chain Facilitation Center, Shanghai Jiaotong University

TOCE Certified Expert, Goddardt Institute (2006)

Project Director, Goddardt Consulting Group (Israel)

Founder of TOC Flagger Forum

He has 25 years of experience in supply chain management in global leading companies (Schneider Electric, Alcatel, Bekaert, China National Heavy Industry Corporation) and in consulting companies (Gaudrat, Satyam), specializing in business model design, supply chain model customization, management system design.

Afterwards, he switched to TOC theory and studied under several TOC masters (Dr. Gaudrat, Eli S., Lisa S., etc.); he has worked on many successful TOC projects in the areas of production management, supply chain management, project management, performance measurement, marketing, business model, etc. He is now working on the best way to effectively implement and create breakthrough performance in China. He is now working on the best practice business model for effective implementation and breakthrough performance in China.
