7) Questions and answers

Instructor Introduction

Jim Shi

He is currently the Vice President and General Manager of Supply Chain of a Gartner Supply Chain Master Class Company, a foreign-funded Fortune 500 company. He has held positions in Alibaba Group, Alibaba Retail, and Cainiao as the head of digital supply chain middle desk products, general manager of supply chain operations, and head of digital supply chain business solutions. He was the department head of supply chain in Asia Pacific at Dell. He has rich practical and theoretical experience from state-owned enterprises, private enterprises to multinational executives.
