- 3) How the three grips enable supply chain digitization?
- 4) Results of the digital supply chain test application
- 5) Questions and answers

Instructor Introduction

Boris Cui

He is the current Senior Supply Chain Finance Director for Piers Coffee China, responsible for managing the operational efficiency performance of the company's supply chain in the China market, and reports directly to the CFO of Piers Coffee headquarters in the US.

He has over 20 years of corporate finance and supply chain management experience, and has lived and worked in various countries and regions, holding senior leadership positions in both China and Hong Kong.

He has built a strategic mindset for operational excellence and has a reputation for developing talent and credibility in his work. He has many years of successful management experience in both finance and supply chain departments, particularly in improving financial metrics, supply chain malleability, agility, and optimizing ERP system implementations to apply Oliver Wight's S&OP/IBP processes in the enterprise..
