WELCOME MESSAGES

OFFICE OF THE PRESIDENT

I extend my warmest greetings to the China Chamber of Commerce for Import and Export of Textiles (CCCT), Huiyuan Culture Development Group Co., Ltd. and Global-Link MP Events International, Inc. I also convey my regards to all the presenters, suppliers, manufacturers, and participants gathered for this remarkable e-commerce, fashion, and lifestyle event.

The Philippine Lifestyle Sourcing Expo 2025 serves as a timely platform to showcase not only unique Filipino products but also those from our neighboring Asian countries. Through this convergence, we attract investments that boost the growth of our trade, textile, and technology industries while also promoting our rich heritage and strengthening our local enterprises. More than a gathering, this Expo is an occasion to witness creative synergy and cultural fusion--ideals that fuel innovations in response to the evolving needs of our people.

As you assemble for this event, may you be further inspired to cultivate strategic partnerships that extend our global reach and enhance market connectivity for established entrepreneurs as well as for those embarking on their new ventures. I am confident that this platform for fashion-forward e-commerce empowerment and network building will help pave the way towards a more creative, inclusive, and prosperous Bagong Pilipinas.

I wish you an engaging and successful event.

Ferdinand R. Marcos Jr.
President of the Republic
of the Philippines

WELCOME MESSAGES

OFFICE OF THE VICE PRESIDENT

Assalaamu Alaikum

My warmest greetings to our international and Philippine manufacturers, suppliers, traders, exhibitors, and participants to the Philippine Lifestyle Sourcing Expo 2025. This remarkable convergence of stakeholders from the fashion, lifestyle, and e-commerce industries underscores the increasing significance of our local industries in shaping the evolving lifestyles of many Filipinos.

As the Philippine consumer market continues its rapid growth, the demand for lifestyle products and services has expanded exponentially, driven by emerging niche markets in tourism, real estate, and other sectors. This affirms our role as a dynamic hub for local and international business in Southeast Asia.

This event is an excellent platform for stakeholders to build networks, exchange ideas, and engage directly with suppliers and manufacturers. It also provides a valuable opportunity for Filipino wholesalers, retailers, and entrepreneurs to participate in business-matching sessions. May this expo highlight the creativity and capacity of Filipino manufacturers and designers in producing globally competitive products. Let us celebrate Filipino ingenuity as we continue to take hold steps to add value to our local materials, increase our productivity, and drive immense growth for our economy.

Mahalin natin ang Pilipinas – para sa Diyos, sa bayan, at bawat pamilyang Pilipino.

Shukran

Sara Z. Duterte
Vice President of the Republic
of the Philippines

WELCOME MESSAGES

OFFICE OF THE SENATE

I extend my sincere appreciation to the organizers of the Philippine Lifestyle Sourcing (PHLSE) Expo 2025 for their steadfast commitment to uplifting Filipino enterprise.

The holding of your event on October 9-11, 2025 at the SMX Convention Center in Pasay City is much anticipated as this brings together the finest in fashion, food, furniture, and wellness. More than a showcase, the PHLSE is a celebration of our people's ingenuity, resilience, and cultural pride.

The Senate remains a firm ally of our micro, small, and medium enterprises (MSMEs), recognizing their vital role in driving inclusive growth and sustaining local communities. Events like this expo provide a crucial platform for our entrepreneurs to connect with markets, share their stories, and scale their impact beyond borders.

I commend the collaborative efforts of the China Chamber of Commerce for Import and Export of Textiles (CCCT) and its partners in organizing this three-day event. By bridging government support and private sector innovation, we affirm our shared vision of a dynamic, globally competitive Philippine economy rooted in local excellence.

As we open the doors to this expo, may we also open minds to new possibilities where tradition meets innovation and where every product carries the soul of the Filipino maker. Let this be a space where creativity flourishes and partnerships thrive.

With pride, I join you in celebrating the Philippine Lifestyle Sourcing Expo 2025. Mabuhay!

Francis 'Chiz' G. Escudero
Former Senate President

WELCOME MESSAGES

BOARD OF INVESTMENTS

The Philippine Lifestyle Sourcing Expo (PHLSE) 2025 is a premier platform that brings together industry leaders, including top-tier manufacturers, suppliers, and brands, to showcase the creativity, quality, and ingenuity of Philippine-made products. More than an exhibition, it is a convergence of ideas, partnerships, and opportunity. At the forefront is the apparel and textile sector—one of the country's oldest industries, deeply rooted in our cultural identity. From the natural fibers of piña, abaca, and bamboo to the intricate handwoven patterns of our indigenous communities, Philippine textiles are a testament to Filipino tradition and craftsmanship. Equally, Marikina's footwear legacy and the expanding local garment sector reflect the skill, adaptability, and resilience of our enterprises.

The Board of Investments (BOI) sees strong potential in our tropical fabrics. These materials are not only sustainable and well-suited to our climate, but also capture the depth of Filipino design heritage. In today's global market, where authenticity, innovation, and environmental responsibility are increasingly valued, our local textiles offer the Philippines a unique competitive advantage. Rather than competing solely on cost, the country can lead through culture-driven excellence, delivering high-value products that reflect both tradition and contemporary appeal. Building on this niche lays the groundwork for re-establishing the Philippines as a competitive player in the regional and global garments industry.

Aligned with this vision, the BOI continues to advance key policy initiatives. Through the CREATE MORE Act (Republic Act No. 12066) and the ongoing approval of the 2025-2028 Strategic Investment Priority Plan (SIPP), we are fostering an enabling environment for businesses to thrive. These policies offer tailored incentives for priority sectors such as textiles, garments, and low-carbon manufacturing, with a focus on long-term growth, technological progress, and inclusive development. All these efforts support our broader goal: to establish the Philippines as a regional hub for smart and sustainable manufacturing and services.

Dr. Ceferino S. Rodolfo
Trade Undersecretary and
BOI Managing Head

WELCOME MESSAGES

PHILIPPINE FIBER INDUSTRY DEVELOPMENT AUTHORITY

Welcome to the Philippine Lifestyle Sourcing Expo and greetings from Philippine Fiber Industry Development Authority (PhilFIDA)!

On behalf of PhilFIDA, I am delighted to welcome you to a celebration of the rich and abundant fibers of the Philippines — a nation blessed with a diverse array of natural resources that embody sustainability, tradition, and innovation. Our country is home to a wide variety of fibers, including the world-renowned abaca, cotton, silk, salago, sisal, maguey, and numerous fruit fibers such as pineapple and coconut.

Abaca, often called the "Manila hemp," is an endemic treasure — a divine gift to our people. With 86% of the world's abaca exports coming from the Philippines, our farmers cultivate this fiber with dedication, harvesting only about 10% of the total production, leaving tremendous potential for growth. It is a natural, raw, eco-friendly, and biodegradable fiber that plays a vital role in sustainable development. At PhilFIDA, we champion collaboration and partnerships among all stakeholders — Government Agencies, Local Government Units, the Private Sector, Academe, NGOs, and Civil Society Organizations. Together, we can uplift and innovate the fiber industry, enhancing its products like textiles, clothing, weaving, furniture, paper and more.

Our ultimate goal is to not only strengthen the fiber industry but also to empower our farmers economically, improve their livelihoods, and elevate the Philippines' position in the global market. Let us work hand in hand to develop, innovate, and promote the beauty and versatility of Philippine fibers.

Thank you for being part of this exciting journey. Together, let's weave a brighter future for the Philippine fiber industry!

Arnold "ALI" A. Atienza
Executive Director

WELCOME MESSAGES

CHINESE FILIPINO BUSINESS CLUB, INC.

It is with great honor and gratitude that I welcome you all to the Philippine Lifestyle Sourcing Expo 2025, a grand collaboration featuring the Philippine Apparel Textile Show & Philippine Sport Show, and the Asia International E-Commerce Expo. On behalf of the Chinese Filipino Business Club, Inc. (CFBCI), I extend our deepest appreciation to our partners, the China Chamber of Commerce for Import and Export of Textiles (CCCT) and Huiyuan Culture Development Group Co., Ltd., for making this significant event possible.

This Expo is more than just a sourcing platform — it is a bridge between nations, industries, and people. By gathering local and international suppliers, manufacturers, and entrepreneurs under one roof, we are not only showcasing garments, textiles, footwear, lifestyle products, and electronic innovations, but also strengthening the bonds of friendship and trade. Through this exchange, we affirm our shared commitment to building opportunities that transcend borders and benefit communities across Asia and beyond. As a Chinese saying reminds us, “人心巧, 能工巧” (When the human heart is ingenious, craftsmanship thrives), this wisdom speaks to the boundless creativity and resilience of humanity. Yet, it is only in an environment of peace and harmony that such creativity can truly flourish. Peace provides the fertile ground where artistry, innovation, and craftsmanship can take root, allowing people to express their ingenuity without fear and to build together with trust and respect.

Together, let us continue to foster meaningful connections, explore new avenues of cooperation, and contribute to the growth of industries that enrich lives and empower communities. May this event inspire us all to innovate boldly, collaborate wholeheartedly, and cultivate peace that lies at the heart of human progress.

Welcome everyone to the Philippine Lifestyle Sourcing Expo 2025!

Samuel Lee Uy
President

WELCOME MESSAGES

HUIYUAN CULTURE DEVELOPMENT GROUP CO., LTD.

Dear exhibitors, buyers, and attendees,

At this moment brimming with opportunities and vitality, on behalf of the organizers of The Asia International E-Commerce Trade Expo, I extend our warmest welcome to exhibitors, buyers, industry experts, and friends from around the world! As the first overseas exhibition of the China Cross-Border E-Commerce Trade Fair (Fair KWA), the Asia International E-Commerce Trade Expo carries the important mission of fostering e-commerce exchanges and cooperation between China, the Philippines, and the wider global community. It is not only a platform for showcasing products and services but also a bridge connecting the e-commerce industries, reflecting the increasingly close collaboration between the two countries in the digital economy. In recent years, cross-border e-commerce cooperation between China and the Philippines has shown vigorous growth. The Philippines, with its large and young consumer base and rapidly growing internet penetration, has become a popular destination for Chinese cross-border e-commerce enterprises expanding into overseas markets. At the same time, unique Philippine products have gained prominence in the Chinese market through e-commerce channels, winning the affection of Chinese consumers. The two countries have engaged in comprehensive cooperation in logistics, payment systems, talent development, and other areas, working together to build a robust cross-border e-commerce ecosystem. Building on past successes, this year's expo has been comprehensively upgraded. The scale of the event has been further expanded, featuring a wider variety of products, logistics and warehousing services, and e-commerce operation and marketing solutions. During the expo, multiple high-level forums will bring together authoritative industry experts and business leaders to discuss new trends, challenges, and opportunities in global e-commerce. Targeted business matching activities will serve as an efficient communication bridge between exhibitors and buyers, helping both sides reach more cooperative intentions and achieve mutual benefits.

We believe that this expo will further advance China-Philippines cross-border e-commerce cooperation to deeper levels and broader fields, creating more business value for enterprises from both countries and delivering more high-quality products and services to consumers. At the same time, we hope this platform will strengthen communication and collaboration within the global e-commerce industry and contribute to the prosperous development of the worldwide digital economy. Finally, I would like to once again thank all distinguished guests for your presence. We wish you a fruitful and rewarding experience at the expo and a pleasant, unforgettable time in the Philippines!

Mr. Ruan Weixing

Founder, China Cross-Border E-Commerce Trade Fair (Fair KWA)
Chairman, Fujian Provincial Import and Export Chamber of Commerce
President, Huiyuan International Exhibition Co., Ltd.

WELCOME MESSAGES

HUIYUAN CULTURE DEVELOPMENT GROUP CO., LTD.

Dear Exhibitors, Buyers, Industry Colleagues, and Distinguished Visitors,

On behalf of Huiyuan Culture Development Group Co., Ltd., I extend a warm welcome and sincere gratitude to all participants of the 2025 Philippine Lifestyle Sourcing Expo. China-Philippines economic cooperation continues to thrive. As the Philippines' largest trading partner and a key investor, China benefits from growing bilateral trade and industrial synergy. Since RCEP's full implementation in 2023, tariff reductions and mutual recognition have further boosted regional trade. The rapid growth of Philippine e-commerce, including cross-border and live-streaming models, has opened new "online+offline" channels for trade.

As an organizer with years of deep commitment to China-Philippines exhibition cooperation, HUIYUAN has always adhered to its mission of "building efficient connection platforms and empowering synergistic industrial development." Following the successful integration and upgrade of the "Philippine Apparel Textile Show," "Philippine Sport Show," and "Asia International E-Commerce Trade Fair" into the "Philippine Lifestyle Sourcing Expo" in 2024, we have further optimized the 2025 Expo around the "lifestyle" theme. Key sectors include apparel, textiles, sports, outdoors, home goods, and daily necessities. Enhanced "sourcing and matching" activities—such as One-on-One Business Matching making conference and E-Commerce Product Selection—will connect Philippine retailers, Southeast Asian e-commerce platforms, and Chinese suppliers for efficient transactions.

This Expo serves as both a product display window and a bridge for sharing policy benefits, gaining market insights, and expanding collaboration. We invite all guests to explore exhibition zones, join events, exchange ideas, and discuss future cooperation opportunities. Let's build closer ties and open a new chapter of win-win development in the lifestyle industry.

Wishing the 2025 Expo great success and all guests a fruitful stay in the Philippines!

Mr. Danfeng Chen

Vice Chairman, China Convention/Exhibition/Event Society(CCEES)
Vice Chairman, CCOIC Convention & Exhibition Commission
Chairman & GM, Huiyuan Cultural Development Group Co., Ltd.

WELCOME MESSAGES

PHILIPPINE E-COMMERCE ASSOCIATION INC.

Mabuhay and welcome to the Philippine Lifestyle Sourcing Expo 2025!

This event is more than a showcase of textiles, apparel, sports, and lifestyle products—it is a catalyst for the growth of e-commerce in the Philippines. By bringing together the Philippine Apparel Textile Show, the Philippine Sport Show, and the Asia International E-Commerce Expo, we are creating a powerful platform that strengthens the entire digital economy.

For Filipino entrepreneurs, this Expo opens doors to new suppliers, global partners, and cutting-edge innovations. It equips our MSMEs, startups, and sellers with opportunities to expand their businesses online, access world-class products, and compete on the international stage.

The Philippine E-Commerce Association fully supports this initiative because it aligns with our mission to empower businesses, accelerate digital adoption, and position the Philippines as a key player in the global e-commerce marketplace.

As we gather here today, let us maximize this moment to learn, collaborate, and embrace new opportunities that will uplift our e-commerce ecosystem and strengthen the role of the Philippines in digital trade.

On behalf of the Philippine E-Commerce Association, I welcome all our exhibitors, partners, and guests. May this Expo spark growth, innovation, and lasting success for the Philippine e-commerce sector.

Welcome to the future of trade—welcome to the Philippine Lifestyle Sourcing Expo 2025!

Company Profile Founded in 2015, our company is a modern enterprise dedicated to the research, production, and innovation of high-end textile products. We have introduced internationally leading Karl Mayer RSE4-1 and HKS2 high-speed warp knitting machines and equipped ourselves with an independent professional laboratory, committed to providing high-quality and environmentally friendly textile fabrics to customers worldwide. Our company has obtained GRS (Global Recycle Standard) and OEKO-TEX® environmental certifications, fully demonstrating our high regard for sustainable development and product safety.

We specialize in producing various types of stretch underwear mesh, tulle mesh, embroidered base fabric, swimwear fabric, and other products, which are widely used in the fields of underwear, swimwear, fashionable women's wear, etc. With advanced production equipment, exquisite craftsmanship, and strict quality control, our products have won widespread trust and recognition from domestic and international customers for their excellent performance and stable quality.

In the context of global economic integration, Weijin Textile has always adhered to the business philosophy of "Rooted in Domestic Market, Expanding Globally", continuously promoting technological innovation and product upgrades. We are customer-oriented, persistently optimizing production processes, and enhancing product competitiveness. Simultaneously, the company emphasizes after-sales service, committed to providing customers with comprehensive solutions, and assisting them in standing out in market competition.

In the future, Weijin Textile will continue to be driven by innovation, with quality as its cornerstone and service as its guarantee. We will work together with global partners to promote the sustainable development of the textile industry and create a better future.

Sophia Liu

Company Profile Fuzhou Ferdun Import & Export Co., Ltd. is a vertically oriented manufacturing company. Our product range is extremely extensive we specialize in water shoes, AQUA shoes, Clogs Garden shoes, slippers, sandals, rain boots, snow boots, chef's shoes, nurse's slippers, yoga socks, and more. Our products cover a variety of niche categories, including leisure, professional, and home furnishing. We flexibly integrate diverse product resources to meet our customers' one-stop purchasing needs. Market Development and Customer Relationships We develop and serve a global distribution network (Europe, America, North America, South America, and Asia). Main Customer Group Customers are distributors rather than end consumers, including B2B sellers, importers, wholesalers, supermarkets, brand chain stores, department stores, mail-order stores, sellers on B2C online platforms such as Amazon and eBay, and large hotel footwear suppliers. Main Customer Acquisition Methods Through Alibaba's B2B platform, Made-in-China.com, international trade shows (such as the Canton Fair, Japan Fair, Germany's GDS Show, and the US Magic Show), and social media acquisition (Linkedin, YouTube, Instagram, Pinterest, etc.).

Company Strengths

- 1) Implementation of a brand strategy. We collaborate with professional mold manufacturers and designers to independently develop and design new styles. We possess stable new product development capabilities and accept OEM orders to meet customer customization needs.
- 2) Quality assurance. We are deeply involved in production process control, promoting continuous compliance and capacity improvement for manufacturers. We establish strategic partnerships with manufacturers, integrate external resources, leverage the industry ecosystem to strengthen supply chain competitiveness, and collaborate with external organizations to build a collaborative "certification + supply chain" ecosystem. The company partners with BSCI/GRS-certified manufacturing facilities. Their advanced production equipment, skilled workers, and dedicated QC inspection teams ensure the factory's production capacity and quality assurance.
- 3) Export Operations and Trade Services We handle import and export customs declarations, payment collection, and regulatory compliance.

With 16 years of experience in footwear export operations and follow-up, we offer a comprehensive suite of payment and billing channels, from warehouse booking, trucking, customs declaration, to certificate of origin production, providing clients with professional, attentive, one-stop services.

Company Profile Xinde Group Co., Ltd. was founded in 2000 and is an enterprise group mainly engaged in clothing design, production, and sales, supplemented by cross-border e-commerce and independent brand development. After nearly 20 years of development, Xinde Group has accumulated four major advantages firstly, it has established research and development and marketing centers in Spain, Italy, the United States, the United Kingdom and other regions, specializing in providing large-scale, high timeliness clothing category supply chain services for leading global clothing retailers and brands. The second is to adapt to the international situation and deeply layout overseas production. In addition to domestic production bases such as Jinhua, Huzhou, Haining, Pingxiang, and Gansu, the Bangladesh branch was successfully operated in 2016 and is currently expanding into Vietnam, Myanmar, and other regions. The Jilin Siping production base is under construction. The third is to build a vertical supply chain for the leather industry while pursuing sustainable development, introducing environmentally friendly and chromium free tanning production lines, and investing heavily in introducing internationally advanced sewage treatment systems. Fourthly, we have launched a strategy for synchronous development of the clothing industry both domestically and internationally, as well as online and offline. We have established our own brands ESCALIER (cross-border e-commerce women's clothing brand), BERRY BOOM (light luxury women's clothing), and Bonny (fashionable men's clothing), from Made in China to Create in China, from OEM to ODM, and from ODM to OBM output. New German English stands for Stage, which means stage - providing a stage for those with aspirations to grow. Xinde is committed to creating value for society while achieving mutual growth among customers, suppliers, employees, and the company, and is committed to becoming an internationally influential fashion industry group.
