

Focusing on Green Rise

Accelerating on the Road to Prosperity

1700 years of history

**Beautiful scenery,
clean water,
and good ecological environment**

A scenic view of a city, likely a hot spring town in China, with mountains in the background and lush greenery in the foreground. The city features a mix of modern high-rise buildings and traditional low-rise structures. A large, open green field is visible in the middle ground. The sky is filled with soft, white clouds, and the overall atmosphere is peaceful and scenic.

**A worldwide destination for health
preservation and tourism**

China's Hot Spring Town

National Eco-tourism Demonstration County

A Well-known Hot Spring Town, A Resort for Health Preservation

1

Sticking to developing sceneries and the county at the same time and achieving the goal of building a livable town and a best destination for tourist.

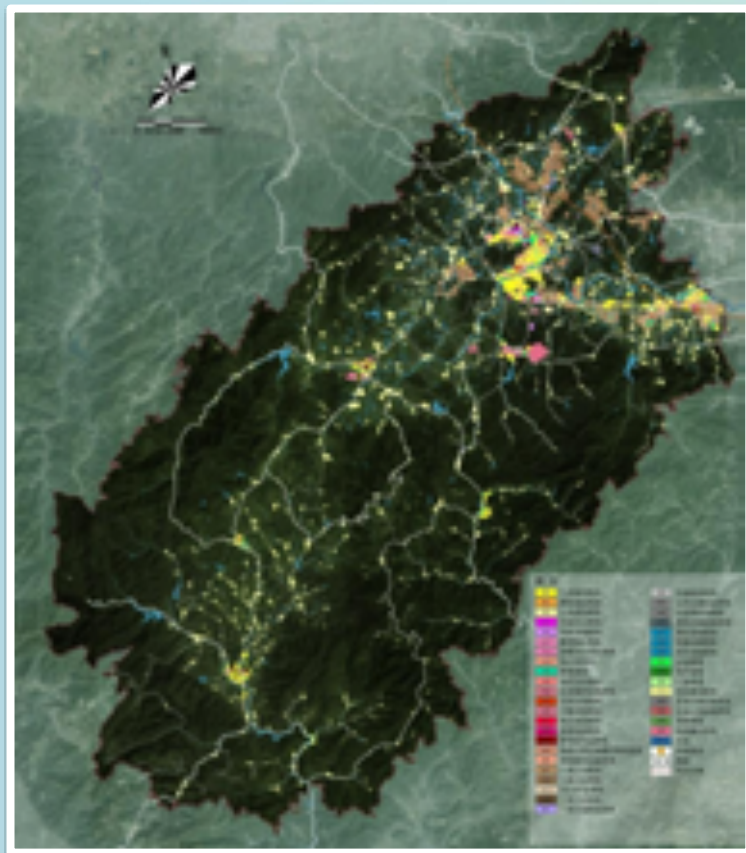

Developing into a livable and tourist-attracting town
featured by its beautiful scenery and hot springs

Sticking to planning first

Sticking to planning first

Sticking to planning first

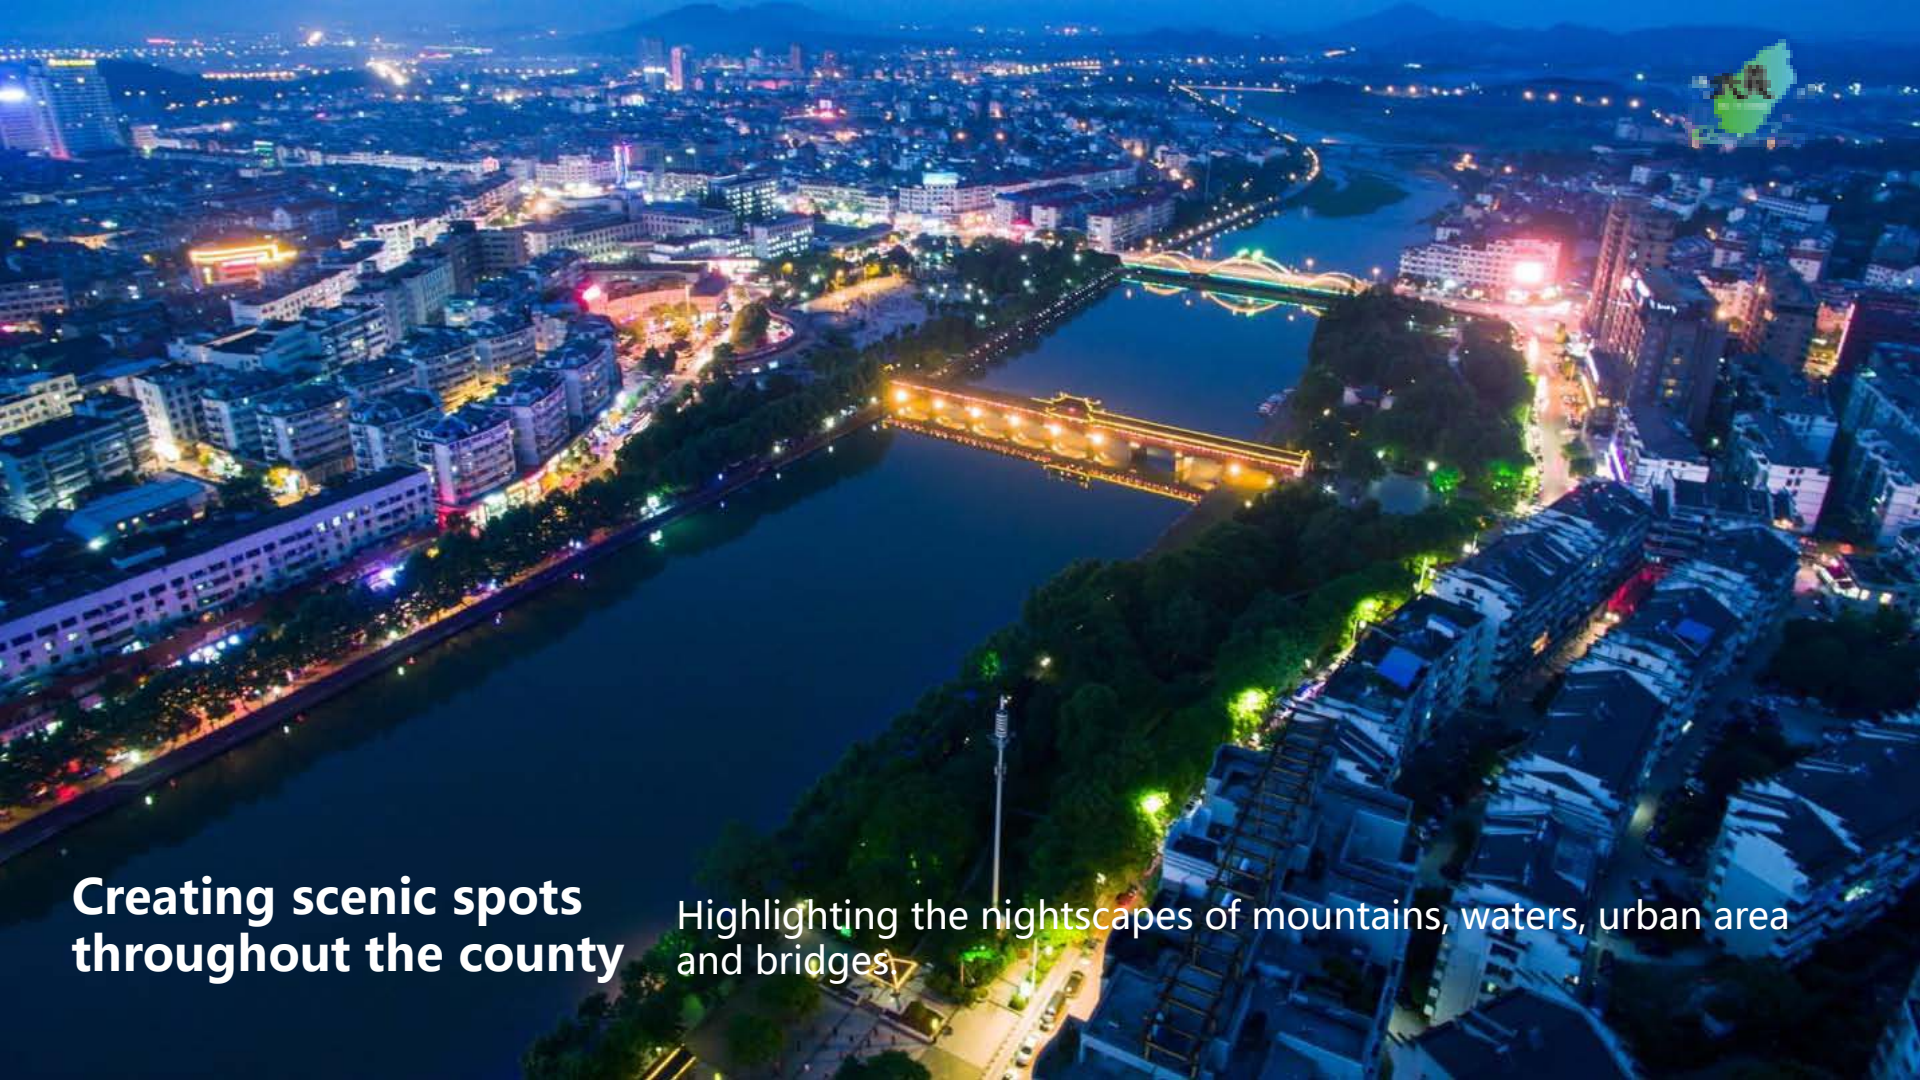

Sticking to planning first

Creating scenic spots
throughout the county and recreational greenways.

**Creating scenic spots
throughout the county**

Highlighting the nightscapes of mountains, waters, urban area
and bridges

Developing Beautiful Countryside

Developing Beautiful Countryside

Developing Beautiful Countryside

2

Sticking to industrial integration and achieving the goal of green transformation.

Promoting City-Industry Integration

Promoting the transformation of industrial modernization

Developing the featured hot spring tourism

China's most influential tourist destination

Developing organic agriculture

Ecological planting and breeding

良种化繁育

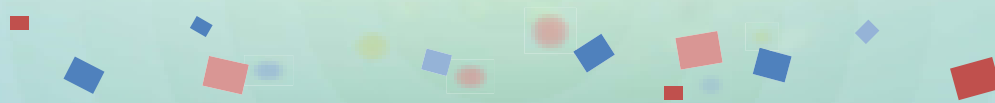

**China's Organic Tea Town,
National Organic Traditional Chinese Medicine Base ,
China's Famous Tea Town**

3

Sticking to ecological protection and achieving the goal of sustainable development.

绿水青山就是金山银山

**Lucid Waters and Lush
Mountains are Invaluable
Assets**

Say No to polluting enterprises

Say No to environmental pollution

Say No to waste of resources

We vigorously implement the classification of domestic waste and resource utilization, garbage classification has become a new social custom.

An aerial photograph of a city, likely in Japan, featuring a wide river flowing through it. A prominent bridge with a red roof spans the river in the foreground. The city is densely packed with buildings, and mountains are visible in the background under a bright blue sky with scattered white clouds. The foreground shows a lush green park area with many trees.
